FOREWORD

Dear sports friends,

It's my pleasure to welcome you to our city for the important sporting and social event that is the Mattoni Running Festival Ústí nad Labem 2024. This sporting event has a long tradition in Ústí nad Labem and has gained a great response among athletes and the general public, who will come again this year to support the runners. I wish the participants the best possible performance and all of us pleasant sporting experiences in these difficult times.

Mayor of Ústí nad Labem PhDr. Ing. Petr Nedvědický.

Dear running friends,

Our season is slowly approaching the end, so let's enjoy the final race of EuroHeroes, the Mattoni Ústí nad Labem Running festival. The program is packed as always. Apart from the traditional Half Marathon and dm family runs, you can also try our new 10K race or watch Czech elite hand bikers and tricyclists in Spolchemie Czech Cup in para-cycling.

We also traditionally crown the overall winners of the EuroHeroes challenge in Ústí nad Labem. Both men's and women's standings are close and the championships are up for grabs between several runners so it is going to be an exciting race until the last meter.

The Half Marathon track is faster than ever and very unique as well. You run through the area of the Spolchemie chemical plant which closes its operations just for our race. Thus it is also a nice opportunity to run your personal best. If you are looking for a shorter distance, you can try our major novelty, the 10K race in the morning.

I am looking forward to seeing you in Ústí nad Labem and wish that we will together enjoy a beautiful day full of fun, joy, and unforgettable memories connected to running.

Carlo Capalbo, President of the RunCzech Organizing Committee

WHO TAKES THE EUROHEROES CROWN?

This year's season of the EuroHeroes challenge comes to the final race with an exciting situation in the overall standings. Both men's and women's titles are up for grabs.

Athletes must compete in at least two events of the four EuroHeroes races because the best two performances count. The points calculation system is based on the World Athletics Scoring Tables, the so-called Hungarian Tables, which are generally used to compare individual performances in different athletics disciplines.

The leading man Sebastian Hendel will not start in Ústí nad Labem, so his overall lead is in danger. His biggest competitor Daniele D'Onofrio from Italy will also not be at the start due to illness.

Ukrainian Mykola Mevsha has also canceled his participation due to injury. The favourites for the race will be Valentin Witz and Gáspár Csere. Frenchman Witz was surprisingly third in Olomouc. He and the Hungarian could attack the overall EuroHeroes championship, but they would have to drastically push their personal bests.

From the Czech point of view, Damián Vích from the RunCzech Racing Team runs his second half marathon in his career. One year after his debut also in Ústí nad Labem. But his competitors are very strong. Great long-distance runner Petr Pechek, Vít Pavlišta or Jiří Homoláč are also at the start.

The women's race promises a close battle for the overall title till the last meter too. It's certain that the winner is going to be present in Ústí nad Labem. Maryna Nemchenko and Tereza Hrochová who are two best runners in the standings are at the start. Only 14 points set them apart which is an equivalent of 42 seconds. Hrochová and Nemchenko clashed already in Olomouc where they finished second and third respectively. The Czech beat the Ukrainian by 14 seconds.

The only other women still in the championship race is Monika Jackiewicz from Poland but she would need an incredible performance to win overall.

But the women's field promises incredible race itself even apart from the championship battle. Hanne Verbruggen who was third in EuroHeroes last year, runs in Ústí nad Labem her first RunCzech race this year. Her last result is an amazing 19th place in the olympic marathon in Paris.
